The City Council is about to vote on an ordinance that is for the safety of pedestrians and motorists. There is nothing in this pending ordinance about taking away one's Freedom of Speech or panhandlers as the opponents would like you to think.

I am 79 years old and have lived in Kent County all my life and in the city of Dover for the past 50 years. I have seen many things come and go, but never have I seen so many people standing in the medians near intersections asking for money. There are agencies that have offered help, but these individuals don't want it, they want money.

If this Ordinance does not pass, eventually someone will get hurt and the City of Dover will be liable.
